Maam:

I am writing to formally request permission to conduct a research study at the Municipal Social Welfare and Development Office (MSWDO) of LGU Tagudin as a requirement for the course Research Methods in the Bachelor of Science in Information Technology (BSIT) program. The study is titled "FlexiQueue: A Universal Queue Management System for Multi-Service Government Operations," which aims to design and develop a configurable queue management system to improve MSWDO's efficiency in handling multiple assistance programs with varying service requirements and process flows. This research will involve gathering relevant data to assess existing queue management practices and identify areas for improvement through technological solutions.

I assure you that all data collected will be treated with the utmost confidentiality and will be used solely for academic purposes. No sensitive information will be disclosed publicly, and findings will be shared with your office upon request.

I would greatly appreciate your support and cooperation with this research. I look forward to your positive response. Thank you for your time and consideration.

Respectfully yours,

DAVID DATU N. SARMIENTO
Researcher
